INNUCE

PIEMONTE DOC CHARDONNAY

GRAPE: CHARDONNAY

VINEYARD AREA: 1,47 HA

MUNICIPALITY: MOMBARUZZO

FIRST YEAR OF PRODUCTION: 2011

Chardonnay has a long history in these areas, much longer than it might seem. The French – obviously – have brought it in the eighteenth century. This small plot of land is perfect for this grape, the **minerality of the soil** endowing it with structure and making it suitable for aging in wood.
